✓ m. On 16 January the Deputy for Special Programs and the Chief, Allowances Branch, Office of Personnel, attended a meeting at GSA on the subject of amendments to the Federal Travel Regulations on domestic relocations. GSA was seeking input from selected agencies (CIA, FBI, IRS, Nuclear Regulatory Commission, Department of Justice, Department of the Treasury, and Office of Personnel Management) as to what these agencies desired to be written into the GSA proposed implementing instructions. While GSA is agreeable to seeking the most liberal interpretation of the Warner Bill legislation, it has received strong comments from the Office of Management and Budget that the budget impact will be more than the Administration can support. The draft instructions will be sent to each Agency before submission to the Office of Management and Budget.
